

WE MAKE YOUR CAREER WORK

We are looking for a:

GWO Rope Access NDT Technicians – Offshore - Germany

Bilfinger Salamis UK, Engineering & Maintenance Northwest Europe

JOB DESCRIPTION:

Bilfinger Salamis have an exciting opportunity in German waters starting at the beginning of September and we are looking for GWO trained Rope Access NDT Technicians to support. This 12 month scope has been condensed into 1 month so we will require a high volume of Technicians to carry out inspection on 70 offshore wind turbines.

TASKS:

- Execute work scopes (both weldments and in-service components) in accordance with the company prescribed NDT procedures and complete the NDT reports to the highest standards, ensuring compliance with the defined scope of work.
-
- Based at the clients offshore assets you will need to communicate with the client and stakeholders at all levels.
-
- You will be required to work with, take instruction from, and give instruction to team members you're working with.
-
- Complete accurate work logs, equipment pre-use checks, manage offshore consumable stock levels to ensure ongoing and un-interrupted service delivery.

Bilfinger is a leading international industrial services provider. The Group enhances the efficiency of assets, ensures a high level of availability and reduces maintenance costs. The portfolio covers the entire value chain from consulting, engineering, manufacturing, assembly, maintenance, plant expansion as well as turnarounds and also includes environmental technologies and digital applications. With its 37,000 employees, Bilfinger upholds the highest standards of safety and quality and generates an annual output of about €4 billion.

QUALIFICATIONS AND EXPERIENCE:

- GWO Certificates:
 - Working at height
 - First Aid
 - Sea Survival
 - Manual Handling
 - Fire Awareness
- IRATA Rope access any level with evidence of being on the ropes in the last 6 months
- Offshore Certification - Survival (BOSIET/FOET), Medical, MIST, CA EBS
- Trade Specific (A mix of qualification required and not all):
 - PCN/CSWIP LII Ultrasonic Testing
 - PCN/CSWIP LII Eddy Current
 - PCN/CSWIP LII Magnetic Particle Inspection
 - PCN/CSWIP Visual Inspection
